

What Products can be made from C.O.M.?

Horizons will custom craft fabric soft shades, draperies, side panels, top treatments or pillows from your customer's own material (C.O.M.) It may also be used for details like Edge Accent Banding and contrasting lining.

What Type of Material is Acceptable?

Draperies weight cotton and cotton blends are best. Avoid upholstery material, casement, vinyl and material with backing. We will not accept sheets or re-work old draperies. If you are unsure, please send a swatch for approval.

3 Business Day Turnaround Commitment!

All Horizons Soft Treatments C.O.M. orders, up to 10 standard units, will be produced within 3 days of the receipt and approval of the fabric - excluding weekends and holidays - provided that sufficient unflawed yardage is received and is properly identified using the procedure shown on page B65. Soft Roller Shades and Design Modifications are not available for 3 day turnaround.

How much yardage is required?

• Visit horizonshades.com/calculator and input the requested information. The exact yardage requirements will be provided.

• If you do not have access to the internet, call customer service at 800-858-2352 and they will provide the yardage requirements or manual yardage charts.
