1-3/8" Fortunato Collection

Choose from a beautiful assortment of finials.

Adjustable corner connectors are perfect for any angle.

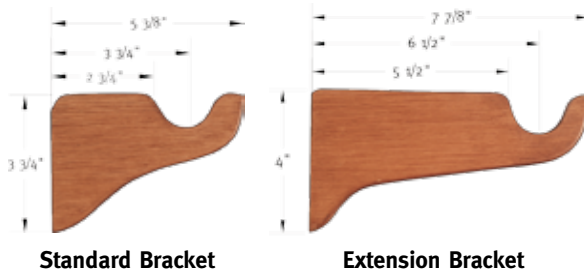

1-3/8" Fortunato Sets

Fortunato Poles are custom cut to the exact size ordered and come complete with the pole, finials, brackets and screws.

Poles, finials and brackets may also be purchased separately.

Bracket Sizes

Each set includes standard brackets. Extension brackets may be substituted at the surcharge in the price list on page C58.

Standard Bracket

Extension Bracket

Spliced Poles

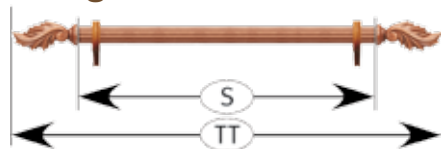

All poles over 96" will come as two pieces with a splice. The splice will be at the center of the pole and is concealed and supported by the center bracket.

Bracket Counts

Each set comes with the following number of brackets based on width. Additional brackets are available.

| Widths to: | # Brackets: |
|------------|-------------|
| 48" | 2 |
| 72" | 3 |
| 96" | 4 |
| 144" | 5 |
| 192" | 7 |

Measuring Terms

Standard - Pole Width (S) is the exact size of the pole alone. Specify "S" when ordering.

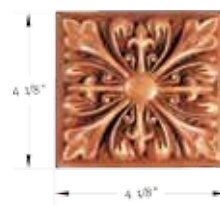

Tip-to-Tip (TT) is the size of the entire unit including the finials. Specify "TT" when ordering.

Construction Information

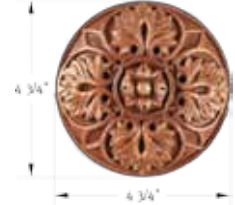

The poles, rings and brackets are made from poplar wood. The finials and tie-backs are resin casts of hand-carved wooden originals.

Accessories

Rings, tie-backs and adjustable corner connectors are priced per item and ordered separately from the sets.

Trieste Tie Back/Swag Holder

Firenze Tie Back/Swag Holder

Note: Firenze and Trieste include adjustable brackets that allow projections from 2-7/8" to 4".

1-3/8"

**Corrente
Collection**

New

1-3/8" Corrente Collection Specifications & Options

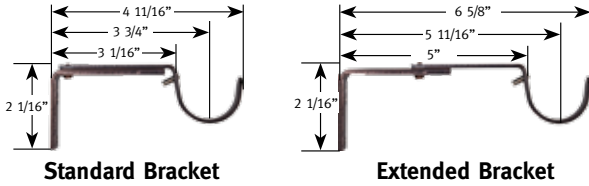

1-3/8" Corrente Sets

Corrente rods are custom cut to the exact size ordered and come complete with the rod, finials, brackets and screws.

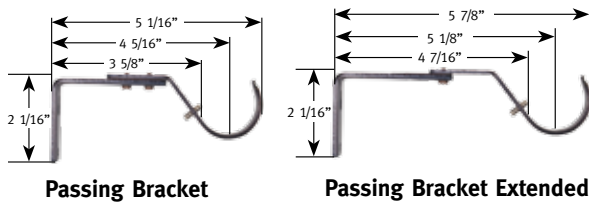

Rods, finials and brackets may also be purchased separately.

Bracket Sizes

Each set includes standard adjustable brackets. The brackets are adjustable and will extend the rod out 6-5/8".

Passing Brackets are available and allow curtains on passing rings to flow smoothly without obstruction.

Spliced Rods

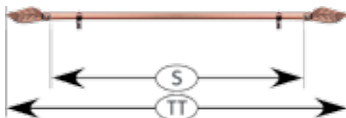

Rods over 94" will come as two pieces with a splice.

Bracket Counts

Each set comes with the following number of brackets based on width. Additional brackets are available.

| Widths to: | # Brackets: |
|------------|-------------|
| 48" | 2 |
| 72" | 3 |
| 96" | 4 |
| 144" | 5 |
| 156" | 6 |

Measuring Terms

Standard - Pole Width (S) is the exact size of the pole alone. Specify "S" when ordering.

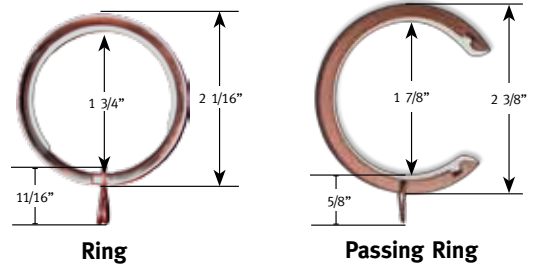

Tip-to-Tip (TT) is the size of the entire unit including the finials. Specify "TT" when ordering.

Construction Information

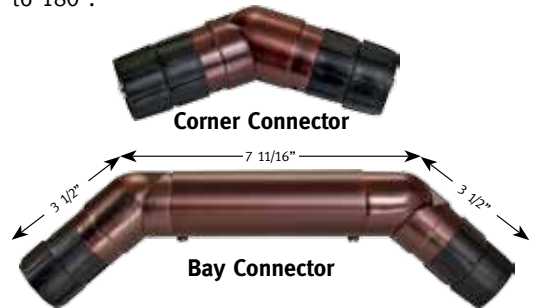

The poles, finials, tie-backs, rings and brackets are made from iron.

Accessories

Rings, corner joints and bay joints are priced per item and ordered separately from the sets. The rings have a unique nylon lining for smooth operation.

Corner and bay connectors are available and adjustable to any angle. Bay connectors allow the easy flow of passing rings. Each hinged section is adjustable from 90° to 180°.

Finial Specifications

Decorative Traverse Rods

Choose from 11 unique hand painted finial styles.

C10

Choose from fine accessories like tie-back holders.

April 2011

Decorative Traverse Rods

Horizons Decorative Traverse Rods are drapery traverse rods with a decorative 2" wood fascia attached. (Patent Pending) They are custom cut to the exact size ordered and include a single or double traverse rod, finials, returns, end caps, brackets and screws. They are available in all the styles and colors of the 2" Wood Collections on pages C27-C41.

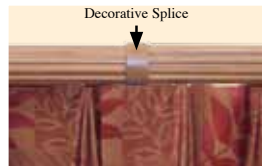

Size Limitations

| | |
|--------------------------------------|------|
| Max Width: | 188" |
| Max Width without decorative splice: | 92" |
| Minimum Width: | 30" |

Note: The ordered width of the Decorative Traverse Rod should equal the drapery width. See Return or Finial sections on this page to determine the actual rod width.

Spliced Rods

All rods over 92" are constructed as two pieces with a 3/4" capped decorative splice.

Note: If smaller rods are mounted in the same room, a decorative splice may be ordered to match the larger rod's appearance at no extra charge.

IM Deductions

The workroom will deduct 1/4" from the width of the decorative traverse rod when mounted between two walls. The ends of the rod will include 3/4" decorative end caps.

Wall Mount Only

Decorative Traverse Rods are not available as ceiling mounts and require 1-7/8" of mounting surface above the window opening.

Pin Settings

Recommended Pin Settings for Draperies with a Decorative Traverse Rod:

| | |
|-----------------------------|--------|
| Single Traverse Rod | 1/8" |
| Double Traverse Rod (over) | 1/8" |
| Double Traverse Rod (under) | 1-1/2" |

Double Traverse Rods

When a double Traverse rod is ordered, only the front rod will be covered with the decorative fascia. There is no extra charge for a double rod.

Under Treatments

We recommend the Pinch Pleat style for the under treatment when ordering a double Decorative Traverse Rod. Indicate on the Drapery order form that the drape is an under treatment. The workroom will adjust the height so the under treatment covers the back rod and is 1/2" shorter than the front drape (or over treatment).

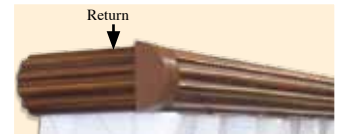

Dust Cover

Horizons Decorative Traverse Rods are constructed with a 3" color coordinated dust cap.

Returns

Fluted returns with decorative 3/4" end caps are available in place of finials at no extra charge.

Recommended Return Sizes for Draperies with a Decorative Traverse Rod:

| | |
|-----------------------------|----------------|
| Single traverse rod | 3-1/2" returns |
| Double traverse rod (over) | 6" returns |
| Double traverse rod (under) | 1" returns |

Projection

Standard projections (from wall to face of the rod) for Decorative Traverse Rods are:

| | |
|----------------------------|----------------|
| Single traverse rod | 4-3/4" returns |
| Double traverse rod (over) | 7" returns |

End Cap Size Considerations

When ordering the width of a Decorative Traverse Rod with returns consider the End Cap will extend beyond the width of the drape by 3/4".

Finials

Horizons Decorative Traverse Rods available in all the styles and colors of the 2" Wood Collections on pages C5-C7.

Bracket Covers

Draperies ordered on a Decorative Traverse Rod with Finials will include a fabric bracket cover. It is sewn on to the top of the return and attaches to the metal traverse rod bracket with velcro. Decorative Traverse Rods ordered alone will include a color coordinating wood bracket cover.

Finial Size Considerations

The finial will extend beyond the end of the drapery by 1-3/4" plus the finial width. For Finial dimensions see pages C5-C7.
